The bill allowing the President to di-  
rect preferential shipments of foodstuffs  
and other commodities necessary to  
carry on the war was favorably report-  
ed to the Senate yesterday by Senator  
Newlands, of the Interstate Commerce  
Committee. The bill also provides a  
penalty of \$100 for interference with train  
movement, and this is regarded as a  
practical strike-preventative during the  
war.

**RED CROSS EXPECTS  
WEEK OF GENEROSITY**

Macfarland Hopes for Epochal Period  
in District Chapter.

Coincident with the President's appeal  
for aid for the Red Cross, the finance  
committee of the Washington Chapter,  
H. B. F. Macfarland, chairman, an-  
nounced last night that the week of June  
15 to 25 will be one long remembered in  
the annals of the Red Cross, because of  
the energy which the local chapter is  
going to unlose during that period.  
The fund already collected is within a  
few dollars of \$300,000, and there is very  
little doubt that by tonight this amount  
will be reached and placed to the credit  
of a generous public.

The latest contributors as announced  
by the finance committee last night and  
the amounts contributed are:

**Police Take Vacant House  
Census as Side Line Work**

Members of the police force while dis-  
tributing from house to house yesterday  
the war registration circulars made a  
note of every vacant house in the city.  
This data will be furnish to real estate  
men who say there is a demand for  
houses that cannot be filled. In cases  
where dilapidated buildings have been  
found—and there are a number of such  
properties, it is said—they will be report-  
ed to the proper branch of the District  
government vested with authority to de-  
molish such properties when they are  
looked upon as a menace to the health  
of the community.

**MARINES ARE REWARDED.**

Secretary of the Navy Daniels yester-  
day afternoon authorized the awarding  
of medals of honor to the following offi-  
cers and enlisted men of the Marine  
Corps for gallantry during the recent  
operations in Haiti: Lieut. Col. Smedley  
D. Butler, Capt. William P. Upshur,  
Capt. Edward A. Ostermann, Gunner  
Sergeant Daniel Daly, First Sergeant Ross L.  
Jams and Corporal Samuel Gross.

**PERSHING SOUNDS NOTE  
OF MEANING OF WAR**

Leader of Our Forces Tells of Red  
Cross Needs.

Major Gen. John J. Pershing, who will  
lead the first force of American fighters  
to the French front, yesterday sounded  
a warning that America must quickly  
awaken to a realization of what the war  
means to the United States. Gen. Per-  
shing spoke at the meeting of the Ameri-  
can Red Cross war council, called to  
launch a campaign for a \$100,000,000 re-  
lief fund, and he received a great wel-  
come.

"The man of the hour," was the way  
former President Taft referred to Gen.  
Pershing, introducing him to the audi-  
ence. Pershing was cheered for several  
minutes, and Mr. Taft, using a walking  
stick for a gavel, pounded for several  
minutes before order was restored.  
"Upon America is to rest the brunt of  
the terrible burdens to come," Gen.  
Pershing declared. "France is under a  
terrible drain. The more the French na-  
tion is drained in her material resources,  
the more she is weakened in her power  
to fight, and it is the United States  
upon which the burden falls to meet  
all of the deficiencies caused through  
this drain."

Spain has developed only about one-  
fifth of its coal lands, the area of which  
is nearly double that of France's and  
only one-third less than England's.
